There are several dead boundary pine trees. He is having issues with his neighbor trying to get the dead trees removed. There is a state law on boundary trees that states he can't remove the tree due to the neighbor is not in agreement. He is fearful of the trees falling on his house. He does not know what else to do to get the trees removed. He has made contact with his insurance company. He added, he visited the old mill pond museum and it's a gem. He suggested to Council to have city put up better signage. The city has done a great job with the museum and thanked Council. Sandie Dean signed up for citizen talk time but did not wish to speak that her husband had covered it.
